Class - V

Dear parents,

Warm greetings!

Exciting time is here again! It's time for summer vacation and fun filled activities. This is always the best and most fruitful time for learning and nurturing creativity.

We have put together some interesting activities which the children will enjoy doing. These assigned activities will improve their basic academic skills such as reading, writing and spellings.

While these assignments are important, remember to also prioritize the relaxation and enjoy the holidays with your precious ones.

Happy Holidays!

A vibrant, cartoon-style illustration of a sunny day. In the top right corner, a large, bright yellow sun with green rays shines against a blue sky with white clouds. A rainbow arches across the right side of the image. On the left, a green tree with red fruit is partially visible. A cluster of red, blue, and orange balloons is tied to the tree. At the bottom, a red and yellow toy train with five cars is on a track. The train has several children's faces visible in the windows. The train is moving towards the right, leaving a trail of grey smoke. The ground is green grass with red and white flowers and small butterflies.

Thank you

*Have a great time
ahead!*
